HOMEOPATHIC PRODUCT

www.isomood.com

Isomood™ has been formulated
as a homeopathic product
containing D-Glutamic acid.

It may gently inhibit the toxicity
of a brain chemical called
L-Glutamic acid, which is involved
in feelings of anxiety, mood
swings and nervous tension.

Indications: May assist with the relief of symptoms
of daily stress, such as; anxiety, nervous tension
and mood swings.

Dosage Directions: Adults - 3 sprays under the
tongue twice daily, with the last dose preferably
at least 1 hour before bed.

May increase dose to 3 times daily after 1 month
if desired. If symptoms persist consult your
healthcare practitioner.

Contents: Contains equal parts D-Glutamic acid
LM04, D-Glutamic acid LM12, D-Glutamic acid
LM30.

Non Actives: Ethanol 25%
